Important Information and Disclaimer

PEAK-System's compliance statement is based on information provided by the company's suppliers and is accurate to the best of our knowledge as of the date printed. However, since the presence of certain substances restricted by these directives are controlled by the raw materials manufacturer, PEAK-System bases its claims on manufacturer claims and not necessarily by destructive testing or chemical analysis on incoming materials. Certain PEAK-System suppliers consider material content information to be proprietary, and thus Chemical Abstract Service (CAS) numbers for some materials may not be available for release. In no event shall PEAK-System's liability arising out of such information exceed the purchase price of the PEAK-System product(s) sold.

Legislative changes introduced after this document release date may make this certificate invalid. Contact PEAK-System for the most current document revision.
